## A S S I G N M E N T

WHEREAS, We, MARTIN GLEAVE, PAUL S. RENNIE, HIDEAKI MIYAKE, and COLLEEN NELSON, have made an invention for which we are making application for a PCT Patent, Application Serial No. PCT/US00/04875, and a Provisional Patent Application of the United States, Serial No. 60/121,726, entitled TRPM-2 ANTISENSE THERAPY ("the Application"; and

WHEREAS, the University of British Columbia, a non-profit corporation organized and existing under the laws of British Columbia, Canada, is desirous of acquiring the entire right, title and interest in and to said invention and any improvements thereon, and in and to the said application for Letters Patent therefor, and any Letters Patent which may be obtained therefor;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, BE IT KNOWN, that We, the said Inventors, for and in consideration of the sum of One Dollar(\$1.00), lawful money of United States, to us in hand paid by said University of British Columbia and other valuable considerations unto us moving from said University of British Columbia at or before the ensealing and delivery of these presents, the receipt of which is hereby acknowledged, have sold, assigned, transferred and conveyed and by these presents do sell, assign, transfer and convey, unto said University of British Columbia, its successors and assigns, the entire right, title and interest in and to the said invention for which We have made application for Letters Patent of the United States by the Application, and any and all improvements thereon, and in and to said application and any division, continuation or continuation-in-part thereof, and in and to any Letters Patent of the United States which may be issued on any of said applications, and any reissues thereof, and in and to any and all applications for Letters Patent filed in foreign countries for said invention or improvements including all priority rights, and any and all Letters Patent which may be granted in foreign countries therefor, TO HAVE AND TO HOLD THE SAME to the full end of the term or terms for which any and all said Letters Patent may be granted;

AND We, the said Inventors, do hereby authorize and request the Commissioner of Patents and Trademarks to issue the said Letters Patent of the United States to said University of British Columbia, as the assignee of the entire right, title and interest

in and to the same, for the sole use and benefit of said University of British Columbia, its successors and assigns;

AND We, the said inventors, for the considerations aforesaid, do hereby covenant and agree to and with said University of British Columbia, its successors and assigns, that we have the full power to make this assignment, and that the rights assigned are not encumbered by any grant, license or right heretofore given, and that, my executors or administrators, shall and will do all lawful acts and things and make, execute and deliver without further compensation, any and all other instruments in writing, further applications, papers, affidavits, powers of attorney, assignments, and other documents which, in the opinion of counsel for said University of British Columbia, its successors and assigns, may be required or necessary more effectively to secure to and vest in said University of British Columbia, its successors and assigns, the entire right, title and interest in and to said invention and improvements, applications, Letters Patent, rights, titles, benefits, privileges, and advantages hereby sold, assigned, transferred and conveyed, and that We will sign any applications for reissue which may be desired by the owner of the patent or patents which may be issued for the said invention or improvements.

IN WITNESS WHEREOF We have hereunto set my hands and seal on the date below written.
